

## Bijou .

October 15, 2009 - February 25, 2026

Bijou (Honey Bee) was a beautiful Blenheim Cavalier King Charles Spaniel. She was known for her incredibly sweet personality and for never barking, ever. Her favorite things to do were sitting on her mom's lap, sitting up for treats, especially spaghetti noodles, and snoring as loud as a construction worker after a hard day's work. As she aged, Bijou became less active but always enjoyed running down the hall to her mom's bedroom at breakfast time. She never had any health problems until the very end and was loving and happy with everyone she ever met. After 16.5 years of life, Bijou succumbed to cancer, quickly and suddenly. She didn't suffer long but she will be missed forever. She leaves behind her best friend Zuki and her grieving mom who knows that while the goodbye is almost unbearable, the joy of 16.5 years together makes it worth it. Bijou will be missed, loved, cherished forever and never forgotten. Run free little one until we meet on the Rainbow Bridge. Mommy loves you.
