

Callie .

June 1, 2012 - March 16, 2025

Callie, you were an absolute angel. Our little beauty queen. Your smiles lit up our lives in ways you had no way of knowing. Your perpetual happiness, sweet disposition, and companionship was priceless. The love brought to our family was immeasurable. You were loved so very much. You never asked for anything other than love. Your love of us was unconditional. We're so heartbroken. We know you were suffering and the most love we could show you was to let you go. In doing so, we find ourselves picking up the pieces of our shattered hearts. You are forever part of the fabric of our family baby girl and you are missed dearly. Enjoy your freedom from your broken body. Play with Grandpa, Gunner, YiaYia, Pappou, Bailey, Rocky, Max and Gus. Enjoy the piles of endless treats, squeakers to squeak, zoomies to zoom, and look down on us from your sweet place in heaven and just know... we love you dearly. Love, your brother, Mommy and Daddy.

“ Sweet baby girl Callie. With the googly eyes. Curled up behind my head on the couch or snuggling in my lap. Gentle with not a mean bone in her body. I always snuck her and Barkley extra treats when I visited. It's what Grandmas do. ... I think about you often Callie. Every time I visit I can't help but look for that sweet little girl with the big eyes. My consolation is knowing you're curled up beside Steve. Andy and Katherine getting loads of hugs and belly rubs. ☐🐾.
