

ChiChi .

May 4, 2017 - May 3, 2024

I adopted ChiChi from the streets of Lima, Peru in 2017, when he was around 6 months old. He was a miniature Peruvian Hairless Dog, making him the ultimate travel companion for my nomadic life. I am a traveling mural artist, and over the 6 years we spent together, ChiChi accompanied me on all my creative projects in: Peru, Colombia, Costa Rica, Nicaragua, El Salvador, Guatemala, USA, Portugal, France and England. He was always by my side, my loyal + faithful companion, and an absolute joy. He was loved by all who met him. I am heartbroken and miss him terribly. He was a brave and beautiful boy until the end x
