

Cleopatra Cannella

March 1, 2006 - August 31, 2020

In July 2006 I was looking for a companion for my cat Sebastian. I signed on to a Siamese rescue site and received an email (with Picture) of this tiny white cat they called a Flame Point Siamese that was found in an ally, the shelter they had her at was a kill shelter so there wasn't any time, I called them and requested I adopt her. They were 60 miles away. I jumped in my car with cat carrier and drove out there and for \$20 I got her. I drove her straight to the Vet for an exam, estimated at 4 months old, she had some small issues but I was able to get her back to good health. She grew up to be a wonderful cat and I am grateful that I was able to have her for all these years.

About Cleopatra Cannella

Species: Cat

Breed: Siamese

Gender: Female

Favorite Toy:

Favorite Treat:

Best Trick:

Favorite Game:

Favorite Pastime:

Special Skills:

She "Barked" and had a purr you could hear across the room
