Where do I even begin? 16 years full of memories together, and you were always there to love me unconditionally love. An awesome friend and companion! I'd do it all over again in a heartbeat. Everyone misses you, you are so loved! I already miss your presence, your happy tail wagging with your sweet eyes and of course your barking. My angel, I know your spirit is always, always with me. You will never be forgotten. I know you're finally able to run again and be the doggie that you were, pain free and unlimited. You can never be replaced, I love you and miss you dearly Fly high babygirl!!!! Say hi to grandma for me
