

Diamond Wilson

May 21, 2007 - May 30, 2022

Diamond Wilson was an adorable Shih Tzu and heartworm survivor who came into my life 15 years ago. One of the things that made Diamond so special was that she was a rescue dog! Diamond was adopted as a puppy from the Humane Society of Albany GA. and has brought so much love and joy to everyone she met in addition to family and friends. When first meeting her at the animal shelter it was conveyed that she was heartworm positive and I had no idea how serious the disease was. While visiting the shelter and noticing the heart symbol on her cage, it didn't deter me from making her my very own. It was a long road to recovery but also a successful one. Not knowing if she would make it, after 12 weeks of treatment for heartworm as a puppy, she made it through all phases successfully. Although she would have to stay at the shelter for the duration of the treatments; I would visit her often every week until I was able to take her home. Throughout our years of travel and many adventures, Diamond truly became the apple of my eye and exhibiting to the world that rescues are truly Diamonds in the Ruff!
