

## Elsa Maria

April 16, 2026

Elsa Maria: 10 years with my baby... and today I had to let her go. Cancer took her so fast, I didn't even have time to process it. She was the leader of my pack, the most peaceful, loving soul... always sleeping at my feet every night. The house already feels different without her. I'm broken. But I couldn't let her suffer. I love you forever, my Maria girl aka Welsie.
