

Elvira Mistress of the Dark .

May 1, 2017 - November 4, 2025

Elvira is a nomadic cat. She likes being around others, but not liking others. She was a loving and kind cat until you cross her path the wrong way. She left her mother Sissy and her siblings Gandalf the Grey, Gwin and Bwin. I can only hope she will find her uncle Cheesseburger on her new journey. We love and miss you.
