

Harley .

July 5, 2011 - February 12, 2024

There is nothing in this world that can replace the love I have for you. I miss you my friend. Such an emptiness without you. I still feel you next to me, hear your nails walking across the floor, see you sitting there in your favorite spot. I hope you felt how much I loved you since the day I picked you out of that little plastic pool with your brothers to the last day when we said goodbye. I love you Hali....

“ Mi queridísimo y amado Hali mi cochito preciso, mi peluche, mi muñeco adorado me enamoré de ti desde la primera vez que te vi y creo que fue mutuo pasamos mucho tiempo juntos y compartimos tanto que me parece que estuviste ahí toda mi vida me duele mi ❤️ por qué no sigues aquí conmigo la casa es muy silenciosa sin tus sonidos. Tus besos y abrazos como quisiera sentirlos otra vez pero llegó tu hora de decirnos hasta pronto y que recordemos el amor que nos dabas, tu recuerdo será atesorado en una parte especial de mi corazón y no te preocupes por papá yo cuidaré de él ahora que no estás lo prometo y quiero que seas feliz en donde estés recordándonos como lo hacemos nosotros a diario pero con alegría y no tristeza... Te amo mi cochito... hasta la eternidad....

“ I remember no matter how many times I came over he wanted to be pet and he would roll over on his back to be scratched before anyone else could have my love. He was the first and last thing to be loved while going in and out of the house. I miss hearing those heels when I'm there I'm gonna miss you bud.
