

## Jazzy

June 7, 2009 - June 28, 2020

Jazzy....where do I begin? When I had no one, you were there. When you had no one, I was there. We are best friends and you made some of my darkest days/nights shine bright and feel comfy, because you were there licking my tears and fears away. You have engraved my heart with tender love and I will always carry you with me. Run in Heaven wild and free of pain my love. Until we meet again Jazzy. I love you forever.
