

Jubert .

October 26, 2022 - November 27, 2025

Jubert was a truly special soul—intelligent, athletic, and full of quiet potential. From the moment he arrived, everyone who met him could see his brilliance. He loved being outdoors, always eager for a walk or a run, and his athletic nature made every adventure feel meaningful. Other dogs brought out the best in him; he lit up with joy whenever he had the chance to greet them, finding confidence and comfort by their side. Gentle and sweet, Jubert took treats softly and moved through the world with a polite, thoughtful spirit. Though he could be a little shy at first, especially with sudden movements, he blossomed quickly with patience and kindness. Once he trusted you, he became the biggest love-bug—leaning in for affection, seeking connection, and showing just how much love he carried inside. Jubert wasn't just a dog in our care—he was a favorite among many volunteers. His soft eyes, gentle nature, and brave heart touched countless people. Volunteers often looked forward to spending time with him because he made them feel calm, appreciated, and part of his world. He had a way of creating quiet but meaningful bonds with anyone willing to sit with him, walk with him, or simply be present. Though his time here was far too short, the impact he made is lasting. Jubert leaves behind a legacy of love, resilience, and the ability to connect deeply with those around him. He will be remembered not just by staff, but by the many volunteers who adored him and saw what a truly remarkable dog he was. Run free, sweet Jubert. You were loved beyond measure. 🌈🐾
