

Kevlar

November 20, 2010 - May 22, 2020

Kevlar unfortunately passed away after battling health conditions. He was a happy boy up until the very end and always could put a smile on anyone's face. He loved his toy mushroom, which we made sure to keep extras of in case anything happened to it. He was best known for his large appetite that led to his nickname Tootsie Roll. He has a habit of snoring at night and would always follow you around the house. He had to leave his best friend and family behind, but we all know he's in a better place. We miss you everyday. I love you handsome.

About Kevlar

Species: Dog

Breed: Mixed

Gender: Male

Favorite Toy:

Mushroom
