

## Leo

August 1, 2006 - June 9, 2020

From my completion letter to Leo: Leo, you were such a great cat! I loved your purring, your love licks, etc. I love it when you would flop out to get petted, sleep on my desk, on my office chair, etc. You were like my son and my best friend. Thank you for being such a great friend and companion. I miss you. I love you. Goodbye for now.
