

Madison Cramer

May 20, 2006 - July 22, 2020

Maddie was with me from the time she was 5 1/2 weeks old, until her passing at 14 years and 2 months. We found each other when I had just moved back home after graduating from college. She was by my side as a single man, all the way through marriage and two kids. We moved countless times during her early years, but as long as she was with me, she was at home. She was extremely patient and loving, even with small children and other animals. I miss her greatly, as I started and ended every day with her, from feeding times to our nightly walks. It's hard to put into words what she means to me still, and how much I miss her. I know she is gone from my arms, but she is forever in my heart, and now she is my angel. I love you Madison.
