

## Max Safier

March 1, 2006 - June 1, 2020

Unfortunately yesterday was Max's last day. His health problems were to ? overwhelming. To say this year has been horrible is a huge understatement. I?ve had Max for 14 years and he was the most laid back and loving cat I?ve ever known. I wasn?t even a cat person until he came into my life. Raelyn and Ashley both loved him dearly as well. He was a big part of our little family and it will not be the same around the house anymore. He will be greatly missed. Wait for me on the other side little man.
