

Novalee .

January 1, 2001 - July 10, 2025

Oh my beloved Novalee, how I will miss you. From the day we met, we were inseparable. You were so loyal, filled with joy and love. You were our gentle giant who at 100 pounds always insisted on being a lap dog. Everyone who met you was amazed at how kind and gentle you were. I remember seeing your face in the window waiting for me to come home. Now I wait for you to come home. Your cremains will be placed by that very window that you so loved to look out of. I am heartbroken, but so thankful for the 8 short years we had together. Thank you for everything that you brought to our family. Rest in peace doggie!
