

Patsy

September 23, 2020 - September 23, 2020

Patsy was the love of our lives. She loved getting a bone and holding it in her mouth like a cigar until it was soft enough to eat. She loved sleeping with us under the covers. She loved looking out the window on our 3rd floor and waiting for her daddy to come back from his daily walk. Patsy left us on Wednesday after getting loose from her leash and running freely. She was a happy girl.
