

## Scupper Paspartout DogHart

December 26, 2007 - August 31, 2023

✧❤ Scupper Paspartout! ❤✧ This guy! He was with me 15.1/2 years. He went off to the dog park in the sky last week. !!Scupper Paspartout! !! Named after a dog in a book who sailed the sea! And a guy in a book who Went Round the World in 80 Days. All my guy friends called him ScupDawg! All the dogs he met loved him and loved to play with him. He rescued a crippled dog on the beach one day. I have witnesses. He had a fearless heros' heart. And a BIG heart shaped patch on HIS BACK!!! No kidding. He was my friend, companion, playmate, eSA. He saw me through my moms passing, the spouse walking out that very day, moving 2000 miles back home. And so much more. Here!!! Let us all take a moment to silently toast the wonderful companions in our lives! Hip hip Hurray! 15 Cheers for 15 Years
