

## Tiger

October 18, 2003 - June 26, 2020

Our little angel crossed the rainbow on 6/26/20. Tiger gave us 16 years and 8 months of his precious life. He taught us so much. So many wonderful moments. We will miss one of our favorite things we did together going for rides; we will miss his beautiful face, gorgeous black eyes and his Playful, Curious and Independent personality. We thank GOD for allowing us to have him for so long in our life. Every single day we will celebrate the time he had with us on earth. Now my little angel you are free of pain to enjoy your new life with all the other angel puppies in heaven. 10/18/03 ? 6/26/20. RIP my little angel ?? Tiger.
