

Tiger Smith

November 3, 2008 - April 23, 2020

Tiger came to US, literally. He appeared at our house late one night. We all quickly fell in love. Even though we had 2 dogs inside already, Tiger settled in right away with Koda and Duecee. He was small enough to fit completely under his Mommy Kimberley's chin and while his body quickly outgrew that spot, he never realized it. As long as his face was tucked under a family members chin, he felt safe and thought he was completely hidden. Tiger was a Mommy's boy for sure, but he loved all his family Members completely and we were obsessed with him. Outsiders had to earn that trust. He had a unique personality and loved to eat treats more than anything. So Daddy Markus, gave him his nickname - Garfield. Exactly a year after Tiger arrived, another kitty showed up at our door. Ace and Tiger were a team but with completely different personalities. They filled the past, challenging 11 1/2 years with unconditional Love!! Tiger was diagnosed with oral cancer a month before his death. He fought valiantly and those big beautiful Emerald Green eyes, hid a great deal of pain. He crossed the Rainbow Bridge Infinity and beyond!! We will join you again soon My Love. ??Daddy, Mommy, Markie, Tyler, Kasey, Brandon, Ace, Koda & Duecee
