

Woody

July 5, 2004 - September 9, 2020

Woody was the light in our lives. He was always such a sweet boy. We adopted him from a Petfinder's listing when he was a year old after he needed rehoming after Hurricane Katrina. He survived more than 3 1/2 years after CKD diagnosis and I know it was because he knew how much we loved him. Yesterday it was time to make that awful decision but we are thankful he is no longer in pain and hanging on just to please us. Losing him leaves a huge hole in our hearts and home. Fly free sweet Woody. I don't know if there's another like you.

About Woody

Species: Cat

Breed: Siamese

Gender: Male
